

Information for EEA (European Economic Area) citizens and swiss citizens

In comparison to “third-country” nationals, it is easier for EEA citizens and Swiss citizens to enter and to reside in Austria. This means that you can enter Austria under a visa-free regime and you are allowed to reside in Austria for a period of three months.

As an EEA or a Swiss citizen, you may reside in Austria for more than three months if you:

- are employed or self-employed in Austria or
- have adequate means of subsistence to support yourself and your dependants and have sufficient health insurance coverage for yourself and your family members or
- attend an Austrian school or recognised educational institution as a main purpose of your stay and have sufficient means of subsistence and have a sufficient health insurance coverage.

Required documents:

- completed and signed application form
- valid identity card or passport
- proof of employment (work contract or payslip) or proof of self-employment or
- proof of a health insurance covering all the necessary costs (e.g. European Health Insurance Card, insurance policy) and proof of sufficient finances (e.g. by means of savings or a bank account, traveller's cheques) or
- pupils and students: a confirmation of admission by the school or university and a proof of a health insurance covering all the necessary costs (e.g. European Health Insurance Card, insurance policy) and proof of sufficient finances (e.g. by means of savings or a bank account, traveller's cheques)
